

Bowie P-TECH Welcomes Cohort 2027

WHAT IS P-TECH?

PATHWAYS IN TECHNOLOGY EARLY COLLEGE HIGH SCHOOLS

Early College High School	Career Focus	Embedded Faculty	@ Bowie High School
------------------------------	-----------------	---------------------	------------------------

Dual Credit student = Tarrant County college student & High School student

Successful completion = Earn up to 60 hours of FREE college credit
Earn Industry Based Certifications
Participate in Industry Based Internships

The program is designed to provide students with a comprehensive understanding of the field, including the latest industry trends and best practices. The curriculum is structured to ensure that students gain both theoretical knowledge and practical skills through a combination of classroom instruction and hands-on experience.

Key components of the program include:

- Advanced coursework in core subjects
- Industry internships and fieldwork
- Guest lectures from industry professionals
- Capstone projects and research opportunities

The program is designed to be flexible, allowing students to complete their studies in a shorter timeframe than traditional programs. This accelerated format is ideal for students who are looking to enter the workforce quickly or who have prior relevant experience.
